6th and 7th day: ...diving, beach and relaxing

We will go on **2 daytrips with a minimum of 4 dives**, and you can experience our favourite dive sites. You will also have the possibility to go exploring untouched reefs and discover new pristine dive sites. A fascinating underwater experience awaits you!

8th day: Belongas Bay

Today we will take a daytrip to Belongas Bay, and take another **2 eventful dives**. This location is famous for its dive sites "**The Magnet**" and "**The Cathedral**", and offers quite a few more world class dive sites to be explored. Here you'll find pristine reefs and an abundance of marine life. There is plentiful fish, as to be found nowhere else around Lombok. Mackerel, Tuna, Barracuda, Napoleon, White- and Black tip reef sharks, Eagle rays and not to forget the possibility of **schooling hammerhead sharks** at "The Magnet".

9th day

Today is the day where you can choose from relaxing, snorkeling, or maybe take one of the many interesting tours around Lombok. We'll be happy to help you organize your No-Fly-Day. On the 10th day we will take you to the airport and the Dive Zone Team says good bye.
